Ali Bagus Antra – Bebek Garang

Realising the small number of dine-in venue that serves a variety of cuisine duck as main menu, Ali introduced a stall of Bebek Garang in July 2008. In his aim to position Bebek Garang as a classy ducks cuisine restaurant which will also be a comfortable hangout for young people, the three outlets of Bebek Garang are equipped with WiFi, light reading, and board games in every table. Ali built his business in partnership, and plans to soon launch a franchise for new branches in Jakarta and surrounding areas.
